

Reed Manufacturing Company

Universal Pipe Cutters (6"-48" or 150-1300 mm)

Lightweight, easy-to-use Universal Pipe Cutters (UPC) are available to cut 6" - 48" (150-1300 mm) outside diameter ductile iron, cast iron, clay, concrete, steel, PVC, or PE pipe. NOTE: When cutting steel pipe with the steel blades, sparks are possible and expected. Reed

Universal Pipe Cutters are pneumatic powered. The lower cost UPC616A uses the same motor as the others, but does not need connecting frames. The UPC616 is shipped in a steel toolbox with a three-gallon, formed-steel water tank. The UPC636A and UPC648A UPCs come in a steel toolbox with a seven gallon, stainless steel water tank and cart.

[1] EXCLUSIVE

[2] Heaviest cutter component only 28 lbs/13 kg. Weights given include all items and steel toolbox.

Must order REQUIRED blades SEPARATELY.

WHY REED?

The Reed UPC is lightweight; cuts fast; requires only 12" (300 mm) clearance around the pipe; provides a square cut virtually every time; and can be operated underwater. It is by far the safest, easiest and best power cutter to setup, operate and maintain, which nets a low operating cost.

UPC motor reconditioning/refurbishing is available. Please send motor “ freight prepaid” to our factory. Reed will handle forwarding to appropriate manufacturer. Hydraulic motor repairs are priced on a case by case basis; pneumatic motor repairs are flat rate. Complete UPC cutters can also be reconditioned / refurbished. UPC cutters should arrive freight prepaid at our factory. Quotes will be issued upon inspection of the unit and labor charges apply. Call 800-666-3691 for a return authorization number.
